A REVOLTING CRIME.

The story of the murder of Miss Sigel by a Chinaman, who packed her body in a trunk and shipped for parts unknown, the deed not being discovered till putrefaction set in, creating a horrible odor, is most revolting and shows the futility and uselessness of young women attempting to convert the almond-eyed heathens. Miss Sigel, who was a grand-daughter of the noted Union general in the civil war, in prosecuting her missionary work in the Chinese slums in New York City, got so enamored with the yellow brutes as to carry on flirtations with them and Leon Ling out of jealousy chloroformed and strangled her, and then cut the body in small pieces and packed it in a trunk. It is a waste of effort to try to save the souls of the yellow creatures and for young, sentimental and susceptible white women to attempt it is almost criminal. An elderly lady, who is connected with the missionary work in New York, makes the startling statement that more young white women are ruined by the brutes than souls are saved among them. If missionary work is to be done among the coolies in this country, it should be done by men or by women old enough not to tempt the amorous beasts. The life of one poor, but misguided young American woman is worth more than the souls of the whole Chinese nation and there ought to be a law prohibiting them from association with the low specimens that come to this country.

THE State Journal is authority for the statement that the coldness which developed during the last session of the Legislature between the candidate for U. S. Senator and Gov. Willson has reached that point of frigidity that they do not speak as they pass by, or in other words there is no communication between them. It is alleged that this state of affairs will prevent Gov. Willson from appointing Mr. Homer W. Batson, Senator Bradley's law partner and republican nominee for the judgeship, to fill the vacancy occasioned by the death of Judge Emmet Field in Louisville, an appointment which Mr. Batson greatly desires to boost his candidacy and which Senator Bradley is anxious for him to have. It is not our fight, but if Batson is not appointed it will prove the truth of the State Journal's story and show that the republicans are splitting up good and strong, and for that reason we are awaiting the result with interest.

MAYOR SKAIN is determined that the Lexington saloon-keepers shall obey the Sunday closing law, for which he is to be commended. He has revoked the licenses of several saloonists for selling on Sunday and others are on the anxious seat. There ought not to be any half way measure. The men who take out liquor licenses obligate themselves to observe the Sabbath and they should be made to do so. Certainly with Lexington's able corps of police it ought to be easy to compel obedience. By their failure to do so voluntarily they are forging the implements for their own destruction and laying up wrath against the day of judgment. They have already, however, sinned away their day of grace and made it certain that "the rum saloon must go."

A RATHER anomalous condition prevails at Bristol, which is half in Virginia and the other half in Tennessee. The Tennessee part is dry and the Virginia part is very wet. Of course such a state of affairs makes prohibition an impossibility and in order to remedy it a campaign has just begun to put the Virginia Bristol in the dry column. Rev. M. B. Adams, who has done more for the prohibition cause in Kentucky than any of the Youngs, Collins and Wests, will help lead the fight which every good wisher of the cause hopes will win.

THE Senator, who tried to frank a box of pineapples from Washington to his family, was promptly turned down. Congressmen have been known to frank nearly everything through the postoffice up to a piano, but it is gratifying to note that there is some curb being placed on their rapacity. With the pay they have voted themselves, there is no good reason that a Congressman should frank anything. It is just such graft that keeps the postoffice deficit so great.

AN eccentric old "money bags" of New York, who was an advocate of cremation, while his family opposed it, left a will providing that unless his body was cremated his estate must go to charity. Under such conditions it didn't take long for the family to decide that it would be better to burn the old man than the money.

If any one should ask you the price of radium, tell him \$5,000,000 an apothecary's pound of 12 ounces. An Englishman bought 7½ grains at New York this week for \$150,000, thus establishing the price, which will be little more than the necessities of life, if Al-drich and his gang continue to revise the tariff upward.

MRS. NICHOLAS LONGWORTH, who was Miss Roosevelt, has two babies. Now don't get excited. They are not her children, but a pair of antelopes sent by her father from Africa. By the way little is being heard of Iwana Tumbo lately. Even news that he has been riding on the cowcatcher of a dummy engine is lacking.

TREASURER FARLEY says he is ready to begin paying juries again. Some of the jurors over the State have been waiting five or six months for their money. It wasn't so under Beckham. It was so under Bradley. Remember this when you are tempted to vote the republican ticket again.

UNLESS Gov. Willson changes his mind, and he has been known to do so with lightning rapidity, there will be one Negro and one republican voter less by the time this paper gets to its readers to-day. George Freeman is slated to hang at Paducah for the murder of his sweetheart.

A MONUMENT to the honor of Senator E. W. McCormack to cost \$25,000 will be placed just above the South entrance to the capitol at Nashville.

WAYNESBURG.

The L. O. T. M. of this place will give an ice cream supper Thursday evening, July 1st, for the benefit of the Hive. Everybody invited.

Last Wednesday while out buying produce in Pulaski county W. D. Johnson was knocked down and robbed of \$109 by two unknown men. Bloodhounds were sent for but for some reason failed to come and the men escaped.

Amos Padgett, aged 16, son of Zachariah and Dicie Padgett, died Sunday morning after a few weeks' illness. Funeral services were held at the home at 1 P. M., Monday by Rev. J. A. Singleton, after which the remains were laid to rest in the Waynesburg cemetery.

A horrible accident occurred here Sunday morning. Nora Sorrel, while handling a gun accidentally shot and killed the little eight-months-old daughter of Oscar and Jennie Claunch. The burial took place in the Waynesburg cemetery at 2 P. M., Monday. Much sympathy is felt for the bereaved father and mother over the loss of their only child.

W. M. Smith continues ill. Ashford Johnson, Mrs. Bertha Gooch and Miss Sallie Gooch are on the sick list. R. Curtis went to Cincinnati Sunday. Miss Nettie Curtis, of Cincinnati, is the guest of her aunt, Mrs. R. Curtis, at this place. Miss Esther Gooch and Edd Vaughn, of Somerset, visited friends here Sunday. Mrs. Garland Singleton and children, of Stanford, visited the homefolks here. Miss Lela West, of Georgetown, is visiting Miss Alice Singleton.

Three Ideal Farms In One.

The perfection of real estate, all that is beautiful and desirable in country life, including locality, soil and improvements, is embodied in a farm of 435 acres, adjoining the thriving town of Bryantville, Ky., and near the famous Camp Dick Robinson farms, which sell at over \$100 per acre. There are three tracts, with dwellings and improvements on each, suitable for three families desiring to locate on adjoining farms; or, if bought by one party, two houses could be occupied by tobacco tenants. The best equipped barn in the county, is on the premises, having water supplied by a wind-mill. The floors are built as residence flooring, the stalls are large and well constructed, machinery for cutting feed being run by an engine.

Stock scales and a large tobacco barn are among other improvements. The land lies well and is of a high grade, well fenced, well watered a portion of it being matted with blue grass, in gently undulating pastures. Most of the land has been kept in grass and will easily raise 1,500 pounds of hemp, 1,500 pounds of tobacco and 60 to 75 bushels of corn. Such soil is the basis of all value, and the large profit, which it yields on the investment, explains why capital is seeking real estate, it being not only the best but the safest investment. This, together with the fact that population is increasing, thereby insuring a continuance, of good prices for farm products, proves that good real estate will continue to advance in price.

Besides the intrinsic value of a home, the locality and surroundings render it more or less valuable. Good roads, good schools, churches and good morals are important factors, in determining the value of a farm, because they contribute to man's substantial happiness, which is the mainspring of human action and the object sought, in every section of our God-favored country. These elements enter largely into the attractiveness and, consequently, the value of this property. It lies on a splendid turnpike for a distance of about one mile, the community consists of the highest grade of citizenship, the people being moral, cultured and exceedingly hospitable. The residences are in sight

of Bryantville, which has a thriving bank, up-to-date merchants, a good school and a church of large membership, that town being about 9 miles from Lancaster. The county seat of Garrard County, on the Lexington pike. The enterprise of the citizens in that section is further manifested by the fact that they are preparing to establish a Graded School at Bryantville, and if they succeed, which is almost certain, this property will advance from 10 to 20 dollars on the acre, as property has done near Lancaster and other towns, where such schools have been established, keeping the money and children at home and giving them a good education. This picture is not overdrawn, and we invite those looking for a bargain in a some that has all the attractive features, to let us show it to them. This farm is also within four miles of a navigable stream, which is of greater advantage for markets than the same distance from a railroad, for it gives cheaper rates and better facilities for transportation to market of all farm products, and live stock can be shipped from one head up to a boat load, while coal and lumber can be purchased at less price. It is down grade to the river, and a good pike.

We positively believe that this land is worth \$100 per acre, and yet it is offered at \$90 per acre as a whole, if sold at once, however the entire farm is susceptible of an advantageous division into small tracts and we will divide it to suit purchaser and make price on what he wants according to location, improvements, quality and quantity.

MORE OPPORTUNITIES

Yes, we have them—farm lands—in different localities, off the pike and on the pike—improved and unimproved—50 acres—100 acres—200 acres—any number of acres you want—from \$25 per acre to \$100 per acre. We can suit you. Try us. All bargains of a lifetime. 500 acres extra good—266 acres superior land highly improved. 225 acres, extra good, near Point Lick, fine residence and three tobacco barns. Our price is the owner's price. No excess contracts. If you want to buy a farm write us or come to see us.
